

NOTICE OF PUBLIC COMMENT PERIOD
Draft Removal Action Workplan and Proposed Negative Declaration
for the Village At Greenhill Site, Placer County, California

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) is seeking public comment on a draft Removal Action Workplan (RAW) and proposed Negative Declaration for the Village at Greenhill site (Site) located between Newcastle and Rattlesnake Roads in Placer County, California. The draft RAW proposes excavating contaminated soil, placing it into an on-site containment cell, covering the containment cell with roadbase and asphalt, placing a portion of roadway on top of the roadbase and asphalt as part of a road being developed for residential development. In addition, a deed-restriction would be placed on the land where the contaminated soil is buried. The deed restriction would limit future use of those areas.

A California Environmental Quality Act, Negative Declaration has been proposed for the draft RAW. The Negative Declaration states that implementation of the proposed cleanup method will not impact the environment.

The public comment period for the Draft RAW/proposed Negative Declaration runs from:

February 15 – March 16, 2004

All written comments must be postmarked no later than March 15, 2004 and should be sent to the attention of Mr. Duane White, DTSC Project Manager, 8800 Cal Center Drive, Sacramento, California, 95826-3200. Comments submitted electronically should be sent to Mr. White at dwhite@dtsc.ca.gov no later than 5:00 p.m. on March 16, 2004.
